PLANNING SERVICE PACKAGES

Full Services Planning

From the engagement, moving planning forward to the reception and departure for the honeymoon, a wedding planner will be by your side helping you every step of the way. Your planners will start by getting to know you, your likes, dislikes and desired look for every aspect of the special occasion. Once an outline of services is developed, the next step is to help develop a budget. Then the ball starts rolling with the evaluation and selection of officiants, wedding service sites, reception sites, transportation, vendors, design and production of reception, scheduling, technical site evaluation, logistics - all the little things and the big things. With over 25 years of experience, your planner and the Ampa Team both have special insight on what can be achieved. We bring this experience to contract negotiations and the management of all the details leading up to the special day. The list can seem never ending. Methodically we will work on it together leaving you to enjoy the festivities leading up to your wedding day.

Starting at \$5000

Month of Services

Month of Services is a good choice for the bride who has the advance planning and much of the work addressed. As you approach the wedding date, things get busier and you may just need an additional set of hands. Keep a list of what assistance is needed.

We are happy to plan seating, transportation, review and final check all vendors, manage information flow and help with seamless execution of the rehearsal dinner and wedding day.

Starting at \$2500

Day of Services

While this is a popular approach, at Ampa, we have a keen understanding of all the details that go into a wedding. Since our Designers generally work with couples who have medium to large events, most do not offer Day of Services only. Please review individual Designers offerings.

Day of Coordinators are available. Call for options. Most clients requesting Day Of find that our Reception Design Services is a better fit.

Starting at \$750 for coordinators

Mix & Match Partial Services

Consider what you, and your friends and family will do to help plan the events associated with your Wedding Weekend. What can we do to fill in the gaps? Ampa Events is happy to provide a la carte services and plug in where you need us. Do you need scale drawings?

Electrical assessment? Site management? Reception design and production services?

Time lines? Equipment rentals? The best furniture rental? Custom built wedding service sets or arches? Floral arch rental or centerpieces? How about chandeliers and glamorous lighting designs to enhance the reception? Ampa Events has everything under one roof including warehouses full of product, planning support, logistics, design and fabrication.

Wedding Service Decorating

For Wedding ceremonies traditional garden structures, religious structures, floral arches, sheer drape with swags, boxwood or custom structures just for fun, clients may choose from in stock or engage us for a custom element.

Options include: Gazebos, Pergolas Chuppahs, Mandaps and Floral Arches.

SPECIALTY SERVICES & ELEMENTS

Lighting Design Services

Lighting is one of the most important elements in any event. Consider a theater program. In theater, we affect mood with color, direct the attention of the audience where we want it, signal changes in the sense, and more. It is practical as well as glamorous.

For Wedding Services, many churches are well lit with focal points on the altar area. Additional accent lighting may be warranted and can be used to personalize the service further.

For wedding receptions, lighting helps establish the color palette; highlights action stations-cake table, food and beverage displays, head table, and centerpieces; adds patterns and textures to walls and floors; projects monograms and messages; softens the canopy of a tent, and with active lighting designs can be changed on cue to signal changes in the activities and help usher in the celebratory dancing towards the end of the reception when the party really starts to rock.

In over 25 years, we have enjoyed working with lighting as the most important accent tool in our repertoire of event products and services. In stock, we draw from over 12 different par cans and LED lights for uplighting; LED and incandescent theatrical fixtures for scenes and patterns; effects lights, battery operated fixtures, pin spots, string lights, and more.

Over 1000 lighting instruments and elements are in stock and at your services.

Audio Visual Sound & Technical Services

Do you need a sound system for the wedding service?

Do you have a video playback as part of the program? Does your entertainment have the right sound system for the venue size?

Successful audio-visual services disappear into the background, allowing your guests to see and hear the action. We supply best-in-class equipment and technical knowledge to serve any venue, from the most intimate settings to convention centers and coliseums. Our lighting options can brighten the largest stages, enhance the look of presenters and wake up the most tired spaces with decorative lighting designs.

Lounge Furniture

Lovely designer lounge furniture is versatile and glamorous. At the prefunction cocktail hour in an adjacent space, guest and relatives can sit in comfort enjoying each others company and catching up. Later, this space becomes a quieter respite for elderly family members when the celebrations cranks up. Unique cocktail high tables combined with barstools are fun around the dance floor, the bars and useful during the cocktail reception. Lounge furniture offers unique seating options and high style in creating a variety of motifs.

When you choose Ampa Events, you are choosing more than a single wedding planner, you are choosing a team of professionals with one of the most incredible inventories in the mid Atlantic and the freedom to choose hundreds of styles in all areas of equipment.

Starting at \$1500

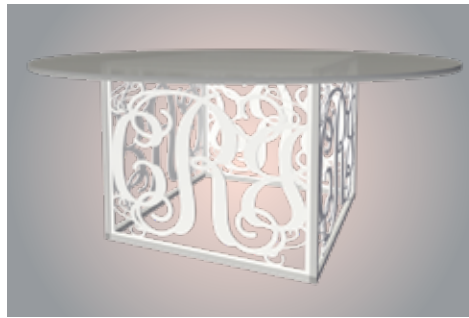

Designer Dinner Tables

For a unique & luxurious dining experience at your Wedding Receptions we offer hand made designer tables built in Ampa's shop. Choose from rustic knotty pine tables, contemporary acrylic table, farm tables, and other options. Many options offer custom designer panels, including custom cut monograms. Select any color or pattern and personalize your head table with your custom cut monogram which then becomes a keepsake.

Starting at \$175 - \$235

Dance Floor Wraps

Simply Stunning! Convert any hotel dance floor with a gloss vinyl lamination featuring a monogram, a message or icon images that describe your unique personality. Ampa's graphics artist use large scale printing and map the design on to large and smaller dance floor.

Starting at \$2500 - \$3500

Centerpieces

Colors, textures, shapes, height, live or material, centerpieces are as varied as your personality and desired look. Most often we think of live floral centerpieces, but a sea of the same colors, size and shape can often be lost in a large room. A simple enhancement is to vary the size by designing 2 different centerpieces from the same color palate. Another fun design trick that we have used effectively for over 25 years is to mix lanterns in with a floral centerpiece. The benefit here is also reflected in the budget. For a lovely and warm glow, consider Floating Candle Trios and other candle options grouped in clusters. From unique floral design to a selection of candelabras choose from our vast inventory.

Ampa's eCommerce site is designed to assist you at your leisure: Rentals
Starting at \$15

Linens

Establish your special look with an infinite selection of linens in every color and texture. Don't forget utilitarian linens for the bar tables and catering. Simple black or white linens are part of most every order but then, allow us to expose you to plush fabrics that will make eye popping statements.

Starting at \$25

Our Planners:

Senior Event Designer,
Planner

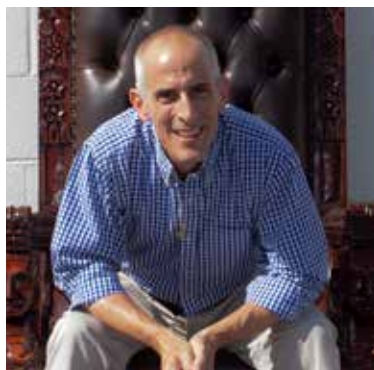

A wedding...one of the most important days in every love story. The next step of the journey that a couple is about to take should be unique to the two of them. As a Designer/Planner, I can help create a wedding that will reflect this uniqueness. Whether a wedding is to take place in a Cathedral, Temple, barn, or a field, I create the romantic magic that continues to shape the love story. My forte is in the DETAILS, right up to the last moment!

Reception Designer

As a graphics design, I have been with Ampa for over 12 years. Most all designs from every designer comes to my desk at some point before we execute the program. This has made me a key person on the team and one who has directed installations regularly. I am very good at listening to ideas and then drawing concepts which will get built in our shop. With my experience, I am happy to support you in designing your reception and managing the installation of your desired look. While some planners are fast paced, I am soft-spoken, calm and patient.

President, Creative Director,
Fabricator

I'm traveled, learned, cultured and experienced. I'm a doer and problem solver who is equally comfortable in a Tuxedo or Coveralls - building stage sets in the shop, attending a black tie gala, or working with executives, committee members and brides with exquisite taste. With over 30 years of experience, I bring a rich and diverse skill set to planning wedding festivities including an acute understanding of the details to execute complex events, design, fabrication and technical expertise.
