Foyer: Entranceway, Jungle Lost City Entrance

3 Slides: 2 of 3. Bamboo Jungle Option & other tropical plants

Mayan Inspired
Lost City Entrance:
Foliage options include overgrown bamboo, with palms and ground cover plus vines and tropical elements growing out of the top of the structure between the stone pieces and flowing over the sides.

This slide shows back layer of bamboo.

Note on Renderings: Historically, we have always under-rendered and over delivered. While our renderings are better for this program, our goal is to exceed expectations. Foliage is still a rendering problem, however, the MGM has witnessed our work with live & silk material. We are confident that our actual foliage installations will look better than our renderings

Live Event Photo

Please look at the bamboo in a planter box for EIG Corp. Use this image as a point of reference for the composite image above. The only differences are the color of the wood planter and a more dense install of bamboo

Illustration Slide.

Our goal with this slide is to show how we use props and set decorating with Live Plants. Our composite images and renderings do not look as good as actual event groupings. In other words, our renderings are not as good as the live final product.

Foyer Cocktail Reception: High Tables with Linens, a Centerpieces Option and Tropical Monstera Frond

A variety of Lanterns and small centerpieces are available as needed. It is our understanding that we are to present linen options but not include them in the budget.

Linens: Tropical centerpieces make a strong statements their colors and textures. For this reason, I recommend a neutral linen that will allow the tropical florals and other centerpiece parts command the attention.

Many in stock small centerpiece options are available

Simple Elegance.

Sometimes less is more. Ampa offers multiple options for the perimeter vignettes. If leadership's goal is bulk, plush jungle foliage, happy to provide one of those options, but as I have designed this program, I am leaning towards these larger, taller palms in the perimeter as a balance to the stage set and centerpieces.

Animals are easily worked into these displays

Centerpieces: Giant Bamboo, or Palm Centerpiece 50% mixed w/ lower centerpiece; & Luxury Lines

Replace with green orchids

<<<Use me as ground cover for the floral holder system

<<<ADD a Small Tropical arrangement between the metal legs and palm leaf to cover black as well as sit on top of a large leaf

Centerpiece: example of lower options

BR: Tablescapes, Giant Bamboo or Leaf Centerpiece 50% mixed w/ lower centerpiece; 42 Luxury Lines

NOTES:

I selected a plush fabric in a neutral color to allow the tropical centerpieces to speak for themselves. There will be a lot to see in the stage set, decor, ceiling and vignettes to create excitement. A solid color linen will balance all the other action.

Ballroom Botanical Chandeliers w/ Reed Lantern Cluster

Edison Bulb and Pendant Options. Multiples In Stock

Ballroom Ceiling Decor: Bulk Gold Monstera Leaves

OPTIONAL, Giant Gold Leaf Wall

Photo Op or Charity Jail: Shipping Crate for Performer

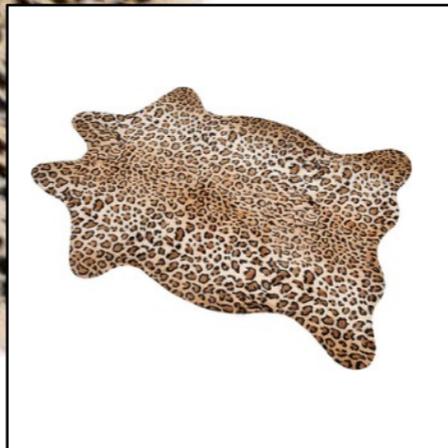

NOTES:

A second option is seen below with "bars" from top to bottom. I prefer the crate to the left that appears more like a shipping crate. We can add interesting text to the more solid bottom panels, but please note there will be larger gaps between the vertical wood slats. The rendering does not show the 2 to 3 inches between the planks.
